

≡ NMMTSC Quarterly Meeting, Nov. 2-3, 2009

Hosted By: Richland County Council, South Carolina

This fall's quarterly National Multi-Modal Transportation Steering Committee meeting is being hosted in historic Columbia, SC on November 2-3, 2009. The City of Columbia, SC has been strategically selected to host this event as their community represents the beautiful interworking of a rich, southern heritage balanced with an emerging modern community. Maintaining this delicate balance requires the very purposeful planning of both infrastructure and transportation. Plan now to join us for this important event in the beautiful Columbia, SC.

PLAN ON PARTICIPATING IN OUR NEXT MEETING AS WE...

1. Promote positive solutions which allow for the sustainability and interconnectivity of the nation's transportation and infrastructure systems
2. Discuss the future of transportation and infrastructure in America
3. Develop the Committee's strategy to deliver its findings to Congress

The National Multi-Modal Transportation Steering Committee would like to extend a warm **"Thank You"** to Richland County, South Carolina for hosting the next Quarterly Meeting, and especially to **Richland County Councilwoman Joyce Dickerson** for her graciousness in working with the Steering Committee in putting together this exciting upcoming event!
