

## **RC WINDS: DISCLAIMER**

This operational server maintains a current database of meteorological, hydrological, and historical data. In addition, this server accesses in real-time a selection of current official weather observations, forecasts, and warnings from U.S. government sources for use by the local community. In an effort to enhance the science, experimental products may be accessible on this server and care must be taken when using such products as they are intended for research use.

In most circumstances, this server will be available 24 hours a day, seven days a week. Timely accessing or delivery of data from this server through the Internet is not guaranteed.

### **RC WINDS Data and Information**

The information on RC WINDS Web pages is in the public domain, unless specifically noted otherwise, and you may use it free of charge for any lawful purpose so long as you do not: 1) claim it is your own (e.g., by claiming copyright for RC WINDS information -- see below), 2) use it in a manner that implies an endorsement or affiliation with RC WINDS, or 3) modify its content and then present it as official government material. You also cannot present information of your own in a way that makes it appear to be official government information.

Use of the RC WINDS name and/or visual identifier of unaltered RC WINDS content or links to the RC WINDS website is allowed.

Permission is not required to display unaltered RC WINDS products which include the RC WINDS name as part of the original product. Neither the name nor visual identifier may be used, however, in a manner that implies an endorsement or affiliation with RC WINDS.

Before using information obtained from any RC WINDS page, special attention should be given to the date and time of the data and information being displayed.

The user assumes the entire risk related to its use of information on RC WINDS Web pages. RC WINDS provides such information "as is," and RC WINDS disclaims any and all warranties, whether express or implied, including (without limitation) any implied warranties of merchantability or fitness for a particular purpose. In no event will RC WINDS be liable to you or to any third party for any direct, indirect, incidental, consequential, special or exemplary damages or lost profit resulting from any use or misuse of this data.

As required by 17 U.S.C. § 403, third parties producing copyrighted works consisting predominantly of the material appearing in RC WINDS web pages must provide notice with such work(s) identifying the RC WINDS material incorporated and stating that such material is not subject to copyright protection.

## **Use of Third-Party Data and Products**

Third-party information and imagery are used under license by the individual third-party provider. This third-party information may contain trade names, trademarks, service marks, logos, domain names, and other distinctive brand features to identify the source of the information. This does not imply an endorsement of the third-party data/products or their provider by RC WINDS. Please contact the third-party provider for information on your rights to further use these data/products.

## **Hyperlinks**

Any reference from RC WINDS Web server service to any non-government entity, product, service or information does not constitute an endorsement or recommendation by Richland County, South Carolina or any of its employees, officers, departments or agents. We are not responsible for the contents of any "off-site" web pages referenced from RC WINDS server.

## **Google Earth™/Google Maps™/Esri ArcGIS Online**

Google Maps and Google Earth map information and photographic imagery are used under license by Google. Esri ArcGIS Online map information and photographic imagery are used under license by Esri. RC WINDS data presented using Google Earth, Google Maps, or Esri ArcGIS Online map services are in the public domain and are also made available in open geospatial standard formats such as KML/KMZ (Google) and shapefile (Esri) among other common formats from RC WINDS.

The map information and photographic imagery contain trade names, trademarks, service marks, logos, domain names, and other distinctive brand features. This does not imply an endorsement of Google, Google Earth, Google Maps, or Esri ArcGIS Online mapping products or services by RC WINDS. Under the terms of the license, you are permitted to copy or use the Google Earth, Google Maps and/or the Esri ArcGIS Online images on your site so long as the Google Earth, Google Maps and/or Esri trade names, trademarks, service marks, logos, domain names, and other distinctive brand features are not deleted or in any manner altered.
