The above permit needs to be cancelled or voided. The customer cancelled the contract due to buyer not wanting the work to be done. We will not be doing any work there nor will we need a final inspection.

Also, Permit #RBD21-01502 is still pending review from Clevelyn Gates. I know those inspectors must be running like crazy, but is there any way we can get that looked at and hopefully issued so that we can move forward with this project?

Thanks so much!
