ABOUT

The Neighborhood Enrichment Grant Program (NEGP) was designed to provide neighborhood organizations funding to promote leadership, independence, and overall improvement within communities through enrichment projects. These projects are to improve the quality of life of all residents within the applicant's neighborhood. This is different from the Neighborhood Matching Grant that the Neighborhood Improvement Program has provided over the last several years. Unlike the Neighborhood Matching Grant, the Neighborhood Enrichment Grant Program does not require a match or volunteer hours.

The NEGP is a competitive grant program. Funding is not guaranteed by simply submitting a completed application. NIP will begin accepting applications on **December 1st, 2022**. The last day to submit applications is **February 5th, 2023**.

Application Period: December 1st, 2022 – February 5th, 2023.
Applications that are incomplete or late will not be processed for consideration.

Grant Training Sessions are available to help prepare applicants for applying to the NEGP. Attendance is recommended, but not required, to aid you in the application process. NIP will host Grant Training Sessions before and during the grant application period. See the "Dates" section for the training session schedule. One-on-one training sessions can be scheduled by contacting NIP staff.

APPLICANTS

Eligible applicants:

Any neighborhood-based organization located in Richland County (incorporated or unincorporated) is an eligible applicant. This includes, but is not limited to:

- Neighborhood Associations
- Homeowners Associations
- Property Owners Associations
- Other like neighborhood-based associations and related groups

These organizations must be open to anyone that lives in the neighborhood (renters or owners) regardless of race, creed, color, religion, sex, age, national origin, or physical and mental disability and must actively seek membership from everyone in the neighborhood. To be considered an official neighborhood organization, applicants must have: officers (required at minimum of a President, Secretary and Treasurer), established neighborhood boundaries, by laws, a tax identification number, IRS W-9 Form, and bank account dedicated to said organization. New organizations can view the [Neighborhood Plan Workbook Toolkit](#) for guidance with establishing themselves.

Ineligible applicants:

Any group that is **not** a neighborhood-based organization and/or **not** located within Richland County is an ineligible applicant. This includes but is not limited to:

- Churches
- Religious organizations
- Apartment management companies
- Businesses
- Umbrella organizations
- County wide organizations
- College/University Greek Organizations
- Colleges and Universities
- Political groups
- Public agencies

However, ineligible organizations may participate by forming partnerships with a qualified neighborhood organization. For example, two local businesses can partner with a neighborhood organization to host a community festival. The neighborhood organization must be the lead applicant.

Tip: NIP gives priority to applicants who develop projects that partner with local businesses. If you are unsure of your eligibility, ask NIP staff.

FUNDING

Funding tiers are based on median neighborhood income. Low-to-moderate income areas include those where 50% of residents within a block group are considered low-income. Two funding tiers are available: Tier 1 and Tier 2. Tier 1 funding is for neighborhood organizations that live *outside* low-to-moderate income areas. Their funding is maxed at \$1,500 per fiscal year. Tier 2 funding is for neighborhood organizations that live *within* low-to-moderate income areas. Their funding is maxed at \$2,500 per fiscal year. If a neighborhood comprises multiple block groups, the criterion is satisfied if at least one of the block groups meets the above standard. See the online interactive [Tier Funding Map](#) for reference. The Tier Funding Map is updated every Fiscal Year.

Tip: To be considered for Tier 2 funding, the area within the neighborhood organization's boundary must be blue. Anywhere outside of the blue is considered Tier 1.

Grant funds are issued as upfront payment (per County Council's directive on December 6, 2011) or as a reimbursement. After being approved and notified of their award, Grantees will submit the signed Grant Agreement & Check Request Form to NIP staff to start the funding process. Staff will then send the award amount to Richland County Finance for processing. Allow thirty (30) business days to process the check request. The last day to submit the signed Grant Agreement & Check Request Form is **September 30th 2023**. Grantees will be notified when their check is available and will be provided instructions on how to pick up their check. Checks will not be mailed.

Funding can only be spent on eligible expenses starting after July 1, which is the start of the fiscal year. See "Ineligible Projects and Expenses" for more information.

PROJECTS

Projects are meant to improve, enrich, or benefit an entire neighborhood. Projects must cater to a neighborhood and its residents, involve neighborhood residents directly in all phases, comply with applicable Federal, State, County, and, where applicable, municipal codes, and be achievable within the Fiscal Year (**July 1st, 2023 - June 30th, 2024**). Projects that include printed materials (flyers, posters, etc.) must include the Neighborhood Improvement Program logo and Community Planning & Development Logo. JPEG and PNG versions of the logos are available on NIP's [NEGP Webpage](#). Before determining a project, consider the following:

Do I have a clear vision?

Communicate with your neighbors to identify a need and a project to solve that need. Check [RCGIS](#) to see if your project is within a neighborhood improvement area. If so, find your correlating [Master Plan](#) and review it for ideas on projects that would benefit your community.

How will I measure the success of my project(s) outcome?

When planning a project, it is important to determine what will make the project successful and identify any obstacles that might arise. Speak with your neighbors or have a brainstorming session.

Does the project require permits/permissions?

Applicants should check with appropriate government entities to ensure they receive necessary permissions and/or permits to put on a project. For example, projects relating to signage will need permits from Richland County Zoning Department. Contact NIP staff for additional help.

What organizations are available to partner with?

To enhance your projects, partner with local non-profit or government agencies where appropriate to provide enrichment for neighborhood residents. Priority is given to applicants who choose to do so. Some examples of groups to partner with include:

- United Way
- Richland Library
- Voter Registration
- Healthy food organizations
- Palmetto Pride
- Personal budgeting organizations
- Job placement
- Home rehab & repair

There are many other groups not listed here. Contact NIP staff for additional help.

What other grant programs are available for additional funding?

Applicants are encouraged to apply for additional grants, if needed. For more funding options, visit <http://www.richlandcountysc.gov/Government/Departments/Grants>

Project Categories:

Project categories are themes on which to base your project. Determining the category for a project beforehand will help make planning for your projects easier. - If the Grantee receives their check, but decides not to go through with their project(s), the Grantee must submit a Termination of Grant letter and return all NEGP award funds to NIP Staff via check by the deadline. Check must be made to Richland County Finance Department.
